Brain on Fire Psychology Today
August 31st, 2019 - It literally allows you to strengthen circuits of the brain that help to manage attention and gain self control. Like exercise it almost always helps. But for some it takes a lot longer to get their ADHD in shape. It’s easy to quit the gym too soon. "I too battle inattention and hyperactivity. Sometimes I feel my brain is on fire.

Brain on Fire Review Hollywood Reporter
September 17th, 2016 - Irish filmmaker Gerard Barrett somehow neglects that step in the wearisome Brain on Fire. That means we watch Chloe Grace Moretz’s epic meltdown from a bored distance until the drama remembers its lost calling as a disease of the week movie. At that point.

Brain on Fire Reviews Metacritic
December 27th, 2019 - Brain On Fire is often effective and at times positively enraging but one can’t help but lament the much more disquieting film that might have resulted had the filmmakers been more willing to trust the facts of Cahalan’s case to speak for themselves instead of feeling a need to shove them into uplifting platitudes.
