our electric clock repair page
December 25th, 2019 - Repair options I do not attempt to repair electric clocks for which new motors and genuine parts are not available. Why? Because I consider it a gamble as to whether an old antique electric clock can be made to work properly without installation of a new motor and other replacement parts.

Sessions Mantle Clock Repaired May 2011
December 2nd, 2019 - Here we have a Sessions mantle clock needing repair. From the initial observation the previous repair job was not done correct. I suspect the repairman did not have the proper tools. Notice the brass addition at the top of this picture. The previous repairman crowded the escape wheel hole with a piece of brass instead of installing a new brass.
Spring Clock Repair clockworks.com
December 22nd, 2019 - Out of beat is a term used in clock repair that basically means the clock is going tock tick tock tick tock This method is the same for most mantle clocks kitchen clocks grandmother clocks and grandfather clocks Just about all pendulum clocks are this way except for the 400 Day clock or the Atmos
