THE DISTILLATION OF ALCOHOL
December 22nd, 2019 - deals with amateur distillation but that it is illegal to actually engage in it without a license. No doubt many other countries around the world would react similarly. The reasoning behind this law remains obscure. Distillation is simply a purification process which not only doesn’t make alcohol but is incapable of making it.

Distillation The science of distillation
July 15th, 2016 - Distillation does not produce alcohol, it merely concentrates it. To produce a distilled spirit, you need to start with an alcoholic liquid wash to distil your spirit from. The majority of vodkas and all whiskies are distilled from a wash which is essentially beer made by fermenting cereal grains.
